THE ISAAC THEATRE ROYAL IS CANTERBURY'S GATEWAY TO THE MAGIC OF THE PERFORMING ARTS FOR NEARLY A CENTURY, BRINGING US THE BEST IN THE WORLD AND OUR OWN WORLD-CLASS TALENT.

The Isaac Theatre Royal is an important and recognised part of our arts heritage, a category "A" heritage building and one of a few rare Edwardian style theatres in New Zealand.

To many Cantabrian families, the connection with this wonderful heritage theatre is personal. Thousands of us have "trodden" the boards in ballet recitals, choirs and plays.

And the Isaac Theatre Royal adds significant economic value to Canterbury and the South Island by providing the venue for national and international performing arts and support to our own arts community.

She has served Christchurch and Canterbury well for nearly a century, and she has been lovingly prepared for the next century ...or longer.

She has been brought up to 21st century standards to ensure generations to come can continue to access performing arts for another century. Over \$6 million was raised for this rebuilding, restoration and refurbishment project.

The ongoing costs of maintaining this grand and elegant community-owned theatre are significant. Our fundraising efforts do not stop with the completion of the rebuild, restoration and refurbishment project.

A contribution to the restoration and redevelopment of the Isaac Theatre Royal is an investment in our arts heritage and in the health and wealth of our community.
